JOY62 WRJZ
1515 MAGNOLIA AVE., KNOXVILLE, TN 37917, 615-637-6262

Dear [redacted],

I am pleased to confirm your reception of WRJZ on 11-4-86 at 8:30 Am. We are always happy to hear from DX'ers as well as our local audience.

WRJZ is currently operating with four 300ft. towers arranged in-line. The array is located on the Holston River in East Knoxville.

Our main transmitter is a 5kw Collins pulse-width modulated rig completely solid state except for two power tubes. We also have a Sparta alternate transmitter for back-up.

The transmitter site is operated by remote control over telephone lines from our Magnolia Avenue studios near downtown Knoxville.

I hope conditions will permit your continued reception of WRJZ and if I can be of any further assistance, just write.

Sincerely,

Arlie J. Sartin
Chief Engineer
